CARROLLWOOD COUNTRY CLUB

explore

Founded in 1972, Carrollwood Country Club was the largest Country Club community in the Tampa Bay area.

At the time the Club would have been considered “in the country” as Tampa had not yet grown north to its current state. Fast forward 30 years to 2003 and the club underwent an extensive renovation. Not only were the golf courses rebuilt, but they were also redesigned under the guidance of the Dan Maples Golf Design Company. It took two years to renovate all 27 holes.

In addition to the golf course, all new clubhouse, pool, and tennis facilities were constructed to create the new Carrollwood Country Club. Today, CCC offers the best in family amenities including 27 holes of Championship Golf, a full-service clubhouse with banquet facilities, a full social calendar, 8 Har-Tru tennis courts, and a Junior Olympic-size swimming pool. While the Club has never been in better shape, we continue to reinvest in our facility to ensure it is a relevant and thriving property.

hit the links

With 3 challenging and uniquely different nines, our members and their guests have the opportunity to play 3 varying course rotations each week. Cypress is the longest of the three courses and is regarded as the most difficult. Meadow, the shortest of the three, features small undulating greens with strategically placed bunkers guarding each green while Pine features water on seven of the nine holes, finishing with the 9th hole, an island green.

exquisite taste

Carrollwood has always been a melting pot of family fun and memories. As the members who define our culture grow, so has the Club. Joining Carrollwood admits entry into a family like no other. A place where mirth, joy, and excitement are not just cherished moments in every year, but daily occurrences. It is difficult to encompass the true nature of our family-centric environment that continues to cause our members to thrive in life. Mere words do not suffice and in this case, like many wondrous things, to see is to believe. One visit to Carrollwood can change your family's life forever!

hit the courts

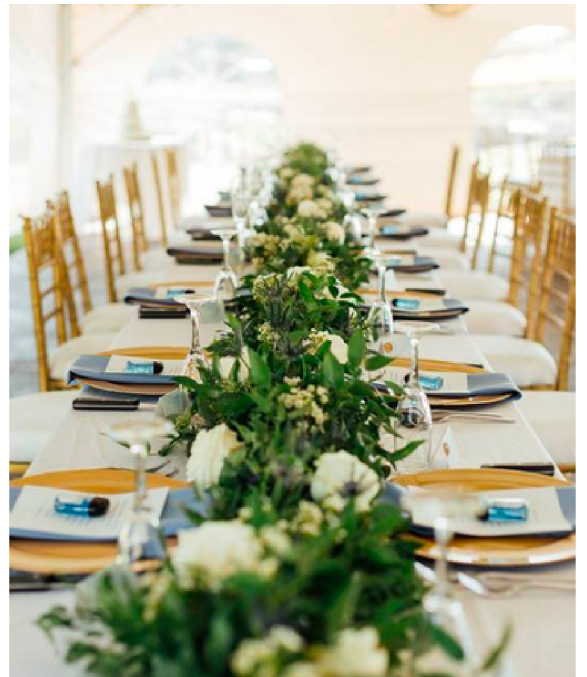

Carrollwood Country Club features an extremely active tennis membership. Our Certified Tennis Professionals are on staff to assist you with your tennis game. We have eight beautifully surfaced Har-Tru tennis courts accented with brilliant lighting for nighttime play. Leagues, clinics, lessons, singles, doubles, camps, tournaments, plus an ongoing schedule of social opportunities with fellow tennis players are all a part of our tennis experience here at Carrollwood Country Club.

an Oasis

The sparkling Junior-Olympic swimming pool is the centerpiece of the Tennis & Aquatic Center. It is surrounded by a magnificent deck of pavers, palm trees, cabanas, lounge chairs, and a large grass activity area.

With the temperature of the pool kept warm in the cool months and cooled in the warmer months, members and resort guests will never miss a day of exercise, fun, or just relaxing by the pool. Fun activities poolside or in the water are planned on a regular basis including Kids Nights, Movie Nights, barbecues and more!

world-class service

Carrollwood Country Club provides the perfect backdrop for everything from small business meetings to the most elegant weddings and receptions. Our event staff will help with every detail in order to make your unique vision come to life. The Club provides all bar services with multiple options designed to match your preference and budget.

find out more

For more information and to schedule your personalized tour, please contact the Club at 813.961.1381 or visit www.carrollwoodcc.com.

As part of your Carrollwood membership, your benefits extend beyond your home Club. When you are traveling for business or pleasure, your benefits at other Concert Clubs will mirror your home Club benefits. As an additional benefit, Carrollwood Members also have access to a network of over 600 high-quality golf clubs and properties located in 20+ countries around the world.
